

Saplings Colouring Package #10

Did You Know?

Ten Fun Facts About Pigs

1. Pigs are considered one of the smartest animals on Earth, ranking higher than dogs and some primates in cognitive tests.
2. A pig's sense of smell is 2,000 times more sensitive than a human's, allowing them to smell food up to 25 feet underground.
3. Pigs lack functional sweat glands, which is why they roll in mud to regulate their body temperature.
4. Despite their reputation, pigs are very clean and will not defecate near where they eat or sleep.
5. Pigs have great memories, can navigate home over long distances, and recognize individual humans and other pigs.
6. An adult pig can run up to 17 km per hour.
7. Pigs are very social, huddle together to sleep, and use over 20 different grunts to communicate.
8. Mother pigs "sing" (grunt) to their babies while nursing.
9. Pigs enjoy massages and, in the wild, will rub against trees to soothe themselves.
10. Pigs are excellent swimmers, famously demonstrated by the feral pigs on Pig Beach in the Bahamas.

Now It's Your Turn!
