

Sharing Our Stories, Speaking Our Truth

poetry and prose at Café Crêperie

Guest Speaker Bio Sheet

Grace Sant

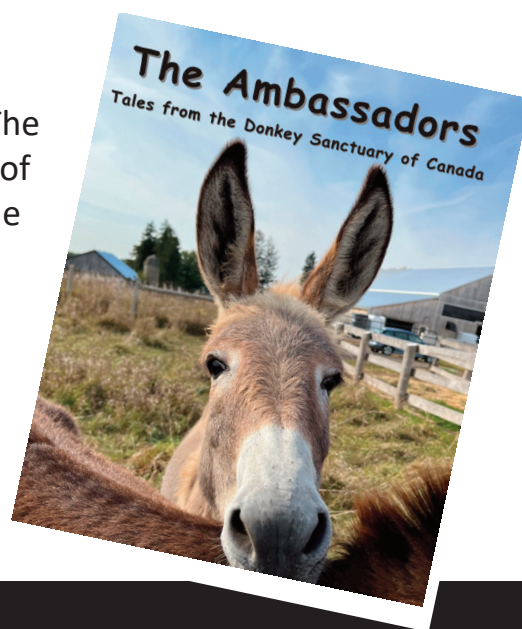

Grace Sant is an equine professional with nearly seven years of experience at The Donkey Sanctuary of Canada, where she specializes in training, owner education, and equine welfare advocacy. Passionate about supporting both animals and the people who care for them, Grace is dedicated to improving the understanding and well-being of our long-eared equines through compassionate, relationship-based training and species appropriate management.

A lifelong equestrian, Grace also cares for her own mule, Hoot, and enjoys spending time on the trails and at the barn. Outside of her work with equines, she can often be found reading or hiking with her husband.

About the Book

Published as a vehicle to raise funds for and awareness about The Donkey Sanctuary of Canada, *The Ambassadors* tells the tale of five donkeys and one mule who are ambassadors at the Sanctuary.

Each of these animals helps tell a different story about why animals come to live at the Sanctuary.
