

# The Monarch Ultra

Screening at The Bookshelf Cinema  
Thursday, June 5, 7pm

Deeply concerned about the steep decline of insect pollinators due to devastating environmental impacts, a group of runners trace the migration path of the monarch butterflies across three countries as they organized a 4,300 kilometre relay run, aiming to raise awareness for pollinator conservation.

Rodney Fuentes helped organized The Monarch Ultra event in 2019 and became a co-founder along with Carlotta James and Clay Williams.

Run Director Clay Williams will introduce the film, and be available for a Q&A session after the screening.

Tickets \$15
